February 8, 2010

To: Faculty/Staff/Parents/Students

At the February Lanier County Board of Education meeting, our current school calendar was revised to include three additional furlough days as mandated by Governor Purdue. As a result, all Lanier County schools will be closed on February 16th, June 7th and June 8th. The last day of school for students will be Wednesday, June 2nd. High school graduation will remain on Saturday, June 5th at 9:00 a.m. Post planning work days for teachers will be on June 3rd and June 4th.

Our current school schedules have the state mandated number of required minutes for instruction for our calendar year. It will not be necessary to add minutes to the day to make up for the two instructional days being cut from our current calendar.

Please see the attached amended calendar. If you have questions, please do not hesitate to contact your school principal or my office.

Sincerely,

Keith Humphrey

Keith Humphrey
Superintendent
